cnc137 I think I also have an extra purple GBA still sealed that I took out of one of the other box sets I got on clearance. **#DScctC** -9:51 PM Apr 20th, 2009

z36 @iuwii have you checked ebay. that is the best way to find out what something like that is worth **#dscctc** -9:50 PM Apr 20th, 2009

cnc137 I have the Nintendo e-Reader Game Boy Advance box set from Target w/ the e-Reader and purple GBA still sealed here. :) **#DScctC** -9:50 PM Apr 20th, 2009

cnc137 @z36 Yes, you have more stuff than me. I will totally agree. :) You even have some of your stuff at my house. ;) **#DScctC** -9:48 PM Apr 20th, 2009

z36 @bobdrakken game boxes must keep them all. i do the samething **#dscctc** -9:48 PM Apr 20th, 2009

dasme @DreamStationcc No worries :) I think it's only Quebec that is screwed up in the contest department. Ruins it for the rest of us :) **#dscctc** -9:47 PM Apr 20th, 2009

DreamStationcc Everyone has entered correctly. We will contact you via Twitter DM if you win for your shipping address. **#dscctc** -9:47 PM Apr 20th, 2009

dasme @Mascott Oh yeah.. puzzle games with the Wii pointer hurt. The Dr. Mario variant with the pointer is horrible. DSiWare version isgr8 **#DScctC** -9:47 PM Apr 20th, 2009

DreamStationcc @dasme Bummer. Sorry. :(I think Canada has some weird contest rules, so that is why you Canucks are not included. :(**#dscctc** -9:46 PM Apr 20th, 2009

bobdrakken Is there a way to tell if I did that right? **#DScctC** -9:42 PM Apr 20th, 2009

DreamStationcc To qualify for the 1GB SD Card Contest everyone needs to Rewteet (RT) the message under the "How To Enter" - <http://popri.com/1VV7> **#dscctc** -9:41 PM Apr 20th, 2009

bobdrakken @cnc137 that's what I'm going to end up doing. I have alot of Naruto and Bleach figures that her sisters have sent me. **#DSccTC** -9:41 PM Apr 20th, 2009

Mascott @dasme I agree on Doc Mario-you tried to play Tetris Party with pointer? Not even the game recommends it, and that's cuz it's by EA. **#DSccTC** -9:40 PM Apr 20th, 2009

omega71 Skip E3 and just go straight to PAX, E3 is too hard to get in now, and the cutbacks made it really lackluster. **#dscctc** -9:40 PM Apr 20th, 2009

cnc137 @bobdrakken Japan would be a very cool place to go also, but I would probably buy a ton of toys and stuff that I don't need. :) **#DSccTC** -9:39 PM Apr 20th, 2009

z36 @bobdrakken that would be very cool. i was going to go to china with my mother in law but then i started thinking about and said no **#dscctc** -9:39 PM Apr 20th, 2009

omega71 @z36 oh no, not that..pugging is like trying to ask a blind person trying to help you cross the street. It just doesnt work. **#dscctc** -9:34 PM Apr 20th, 2009

z36 @omega71 what are you chicken and don't think you can win pug Vault run **#dscctc** -9:33 PM Apr 20th, 2009

z36 @DreamStationcc it was just you and me this week and no one wants to be here with us now **#dscctc** -9:22 PM Apr 20th, 2009

iuwii @qsg I'm surprised they haven't released Duck Hunt. Maybe it'll be a WiiWare release. We already have the zapper **#DScctc** -9:22 PM Apr 20th, 2009

cnc137 Also, if anyone is not to Gold or Platinum status on Nintendo Club you need to get their by June 30, 2009 to get the special gift. **#DScctc** -9:15 PM Apr 20th, 2009

cnc137 @iuwii I am hoping they release another exclusive game after June 30th, when the new Club Nintendo year starts. **#DScctc** -9:14 PM Apr 20th, 2009

omega71 owning the ngage was like owning all of the Hannah Montana games for the DS..Hilariously painful :D **#dscctc** -9:14 PM Apr 20th, 2009

z36 me i had 2 because my first one was on the roof of my car and i went down the highway. it still turned on but that was it. **#dscctc** -9:13 PM Apr 20th, 2009

cnc137 @omega71 z36 and I own N-Gages, but I have to admit that Nokia sent them to us for free with games for review. ;) **#DScctc** -9:13 PM Apr 20th, 2009

iuwii @cnc137 europe's club nintendo has more stuff than US **#DScctc** -9:13 PM Apr 20th, 2009

omega71 lol the ngage..who owned that?? **#dscctc** -9:12 PM Apr 20th, 2009

z36 @iuwii i can see that. the iphone is great for doing things like that as where the ngage was really bad **#dscctc** -9:11 PM Apr 20th, 2009

cnc137 I got the Game & Watch Collection for Nintendo DS that I mentioned earlier. I am holding onto my other points for later. **#DScctc** -9:11 PM Apr 20th, 2009

DreamStationcc Join the DreamStation.cc Video Games Twitter Chat on Monday for a chance to win a 1GB SD Card. - <http://popr1.com/1VV7> #dscctc -9:05 PM Apr 20th, 2009

iuwii @z36 what I like about the iPhone is that most games are made for short interactions, I can kill 5 min waiting at the post office. #dscctc -9:04 PM Apr 20th, 2009

z36 @iuwii what about the ngage was it game system or phone or both #dscctc -9:04 PM Apr 20th, 2009

DreamStationcc @omega71 Welcome! Please remember to enter the contest by retweeting the next message I post. Just copy and paste it into Twitter. #dscctc -9:04 PM Apr 20th, 2009

omega71 Yea, been trying to get all of the progression stuff down. New content is awesome. #dscctc -9:03 PM Apr 20th, 2009

iuwii @z36 i don't think of an iPhone as a game system. it's a phone first, games are secondary. I have tons of games on it tho. #dscctc -9:03 PM Apr 20th, 2009

z36 hey you took a break from Wow #dscctc -9:02 PM Apr 20th, 2009

omega71 so yea, because of that sorry late #dscctc -9:01 PM Apr 20th, 2009

z36 i don't know if you can count a iphone as a game system but some people do #dscctc -9:01 PM Apr 20th, 2009

omega71 Omg I just horribly wiped on the third boss in Ulduar #dscctc -9:00 PM Apr 20th, 2009

iuwii @cnc137 i don't think one is better over the other. the industry is music obsessed, thats probably why. I love big bang mini btw. #dscctc -9:00 PM Apr 20th, 2009

z36 i try to have one when i take long trips but i see a lot of people just around town with game systems #dscctc -9:00 PM Apr 20th, 2009

z36 how many travel with a game system with them most of the time? **#dscctc** -8:59 PM Apr 20th, 2009

z36 dead air **#dscctc** -8:58 PM Apr 20th, 2009

z36 and no the Sam & Max game did not help you **#dscctc** -8:57 PM Apr 20th, 2009

z36 @cnc137 Rock Revolution how could you. **#dscctc** -8:56 PM Apr 20th, 2009

cnc137 @z36 Rock Revolution for PS3 rocks! I am so mainstream. :p hehe... I also bought Sam & Max if they helps me be a little hardcore??? **#DScctC** -8:55 PM Apr 20th, 2009

DreamStationcc Why didn't they work it to release GTA:CW as an Nintendo DSi "Exclusive" with enhanced features and camera support to sell the DSi? **#dscctc** -8:54 PM Apr 20th, 2009

Mascott They also didn't publish it. Rockstar did everything they could. **#dscctc** -8:52 PM Apr 20th, 2009

iuwii to be fair though, I don't think Nintendo did much to help promote the game. **#DScctC** -8:52 PM Apr 20th, 2009

z36 hey hows that new game you got this week cnc what was the name of it rock, rock what was it can you tell me **#dscctc** -8:51 PM Apr 20th, 2009

cnc137 @dasme I agree. I love the quirky games, but the mainstream want FPSs, Madden, Guitar Hero, and the same thing over and over. **#DScctC** -8:51 PM Apr 20th, 2009

iuwii @dasme @cnc137 yeah I wash shocked to hear the sales number for GTA:CW especially after such favorable reviews. **#DScctC** -8:50 PM Apr 20th, 2009

z36 @cnc137 that would be a no **#dscctc** -8:50 PM Apr 20th, 2009

cnc137 Big Bang Mini got a 79% average on Metacritic and Rhythm Heaven got a 85%? Does this mean it is better? **#DScctC** -8:50 PM Apr 20th, 2009

dasme @cnc137 tel that to Rockstar with GTA:CW, or Sega with Madworld ;) It's a shame that these games aren't selling! **#DScctC** -8:49 PM Apr 20th, 2009

bobdrakken I miss my psp, it got stolen. :(**#DScctC** -8:48 PM Apr 20th, 2009

cnc137 @iuwii True. But the hardcore people are the ones who promote the systems to the masses. We are the people that spread the word. **#DScctC** -8:47 PM Apr 20th, 2009

z36 i've play game with great graphics but it sucked and other that don't so hot and i played for hours **#dscctc** -8:46 PM Apr 20th, 2009

Mascott If theres a handheld out there with Wii graphics for \$300, it doesn't matter what the DS has for 200. Developers will support it. **#DScctC** -8:45 PM Apr 20th, 2009

DreamStationcc @iuwii Welcome to the DreamStation.cc Video Games Twitter Chat. Remember to enter the contest <http://popri.com/1VV7> tonight. **#dscctc** -8:45 PM Apr 20th, 2009

z36 true but what are you hardcore or not. That is a big question. it doesn't really matter to as long as the game plays well **#dscctc** -8:44 PM Apr 20th, 2009

iuwii astute RT **@dasme @Mascott** If the Wii and DS have taught anything, it's that graphics don't matter to the masses... just the hardcore **#DScctC** -8:43 PM Apr 20th, 2009

DreamStationcc If you don't retweet the message located under the "How To Enter" section you can't win the contest: <http://popri.com/1VV7> **#DScctC** -8:43 PM Apr 20th, 2009

dasme @Mascott If the Wii and DS have taught anything, it's that graphics don't matter to the masses... just the hardcore **#DScctC** -8:42 PM Apr 20th, 2009

Mascott @DreamStationcc No. Same graphics hardware, just emulated for the DS. **#DScctC** -8:42 PM Apr 20th, 2009

z36 horse sorry **#dscctc** -8:40 PM Apr 20th, 2009

DreamStationcc Do you think Nintendo DSi exclusive games will have as good of graphics as the PSP or even the iPhone? **#DScctC** -8:40 PM Apr 20th, 2009

bobdrakken @z36 lmao a dead house **#DScctC** -8:40 PM Apr 20th, 2009

Mascott Eh...I don't know about futureproofing. Like I said, they need better graphics-especially with the PSP2 coming. **#DScctC** -8:39 PM Apr 20th, 2009

z36 hello anyone else out there **#dscctc** -8:39 PM Apr 20th, 2009

z36 horse sorry **#dscctc** -8:38 PM Apr 20th, 2009

z36 so they going to beat like a dead house like the gameboy **#dscctc** -8:37 PM Apr 20th, 2009

dasme @cnc137 Plus, they needed something since every second person in Japan owns a DSLite :) I fully expect DSi excl. games to amaze. **#DScctC** -8:37 PM Apr 20th, 2009

cnc137 Rhythm Heaven - <http://rhythmheaven.com> and Big Bang Mini - <http://www.bigbangmini.com> both look interesting for Nintendo DS. **#DScctC** -8:37 PM Apr 20th, 2009

dasme @cnc137 It's to futureproof the brand. It will extend the life of the DS brand. it's been out for 5 years now, DSi will add 3-4 **#DScctC** -8:36 PM Apr 20th, 2009

z36 can i win **#dscctc** -8:35 PM Apr 20th, 2009

cnc137 @dasme But it also confuses the market and makes a lot of people wonder why they even released the Nintendo DSi. **#DSccTC** -8:35 PM Apr 20th, 2009

cnc137 @dasme You may want to enter the 1GB SD Card Contest for tonight since you are participating in the chat. - <http://popr1.com/1VV7> **#DSccTC** -8:34 PM Apr 20th, 2009

dasme @cnc137 There is still a long ways to go. I expect to see some great DSi enhanced games at E3. Exclusive titles will be a few years **#DSccTC** -8:33 PM Apr 20th, 2009

Mascott I think the DSi still uses the same graphics hardware...which is a bit disappointing, considering how powerful the rest of it is. **#DSccTC** -8:33 PM Apr 20th, 2009

z36 you get to play as a fat daddy **#dscctc** -8:33 PM Apr 20th, 2009

dasme @cnc137 None of the downloads really take advantage of the CPU. Opera uses the ram. Warioware uses the camera. **#DSccTC** -8:32 PM Apr 20th, 2009

cnc137 @dasme Then why release a new system if all you are going to add is a camera and music support? **#DSccTC** -8:32 PM Apr 20th, 2009

z36 bioshock 2 looks really good **#dscctc** -8:32 PM Apr 20th, 2009

z36 anyone getting any new games coming out? **#dscctc** -8:32 PM Apr 20th, 2009

cnc137 @dasme But, if you're using TweetDeck then you are missing the rest of the conversation on <http://Tweetchat.com> from the others. **#DSccTC** -8:31 PM Apr 20th, 2009

dasme @cnc137 No DSi exclusive titles yet. Probably not for a while, it'll segment the market. **#DSccTC** -8:31 PM Apr 20th, 2009

dasme @cnc137 You can thank TweetDeck for auto including **#hashtags** :) Great idea! **#DSccTC** -8:30 PM Apr 20th, 2009

cnc137 @dasme What about the games you can download? Do any of them even take advantage of the power under the DSi hood besides the camera? **#DSccTC** -8:30 PM Apr 20th, 2009

cnc137 @dasme Gotcha, but why not have an exclusive DSi game or two available at launch? Does Japan even have any DSi Exclusive games yet? **#DSccTC** -8:29 PM Apr 20th, 2009

bobdrakken Yeah, I'm just not a big fan of the whole camera thing, I dislike having one camera on the DSi let alone two. **#DSccTC** -8:28 PM Apr 20th, 2009

z36 yes special. no second purchase **#dscctc** -8:28 PM Apr 20th, 2009

cnc137 @bobdrakken Yes. I would agree. The DSi manual does say that it will play normal DS games, plus DSi Exclusive and Enhanced games. **#DScctC** -8:27 PM Apr 20th, 2009

bobdrakken @z36 special? **#DScctC** -8:27 PM Apr 20th, 2009

z36 you are falling for nintendos con again. Remember the gameboy advance sp do you remember what the sp stood for. **#dscctc** -8:26 PM Apr 20th, 2009

dasme @cnc137 The RAM is the reason Opera doesn't need a ram card, and the double speed CPU allows for facial recognition :) **#DScctC** -8:26 PM Apr 20th, 2009

cnc137 @dasme By the way... Welcome to the DreamStation.cc Video Games Twitter Chat - <http://popri.com/ONF4> **#DScctC** -8:25 PM Apr 20th, 2009

cnc137 @dasme I didn't realize that. I read the different press releases for the DSi and never saw that mentioned. That is good to hear. **#DScctC** -8:24 PM Apr 20th, 2009

bobdrakken So when the DSi launches some games that take advantage of all this extra power then it will warrant a purchase from me. :) **#DScctC** -8:24 PM Apr 20th, 2009

cnc137 @qsg Welcome to the Twitter Chat. Rhythm Heaven looks good, but I haven't seen much about Big Bang Mini yet good or bad. **#DScctC** -8:23 PM Apr 20th, 2009

z36 so are going the full 2 hrs today or what **#dscctc** -8:23 PM Apr 20th, 2009

dasme @cnc137 Better hardware, which is only active in DSi mode. The CPU's clock speed is double and there is 8 times the RAM. **#DScctC** -8:23 PM Apr 20th, 2009

z36 no I would go with big bang mini **#dscctc** -8:21 PM Apr 20th, 2009

cnc137 @Mascott Does the DSi have better hardware or just smaller hardware that has the same processing power? **#DScctC** -8:20 PM Apr 20th, 2009

qsg Would anyone recommend getting Rhythm Heaven over Big Bang Mini? **#DScctc** -8:20 PM Apr 20th, 2009

bobdrakken @z36 yeah pretty much, even I fell for that one though. **#DScctC** -8:20 PM Apr 20th, 2009

z36 so it's like form the gameboy to gameboy color. :) **#dscctc** -8:19 PM Apr 20th, 2009

bobdrakken @Mascott maybe one day the price will come down on it. Then I'll consider it. **#DScctC** -8:19 PM Apr 20th, 2009

bobdrakken @z36 you know I'm with you on that one as I prefer owning a hard case copy of a game. I very rarely download them. **#DScctC** -8:18 PM Apr 20th, 2009

Mascott The insides of the DSi are massively souped up as compared to the DS and DS lite. Several times faster and better. **#DScctC** -8:18 PM Apr 20th, 2009

bobdrakken @cnc137 I'm not sure if you can play online with the demo but yeah it is on there to try. **#DScctC** -8:17 PM Apr 20th, 2009

z36 i don't like down load games as i have stated before **#dscctc** -8:17 PM Apr 20th, 2009

bobdrakken Well I was afraid of that. So they released the DSi without increasing anything right? No better specs? :(**#DScctC** -8:17 PM Apr 20th, 2009

cnc137 @bobdrakken I still need to try NHL Arcade for Xbox 360. Do they have a free trial? Can you play online with the demo? **#DScctC** -8:17 PM Apr 20th, 2009

z36 ill have to get that this week **#dscctc** -8:16 PM Apr 20th, 2009

cnc137 @bobdrakken What will make a title "exclusive" for the Nintendo DSi besides making it use the cameras? Everything else is the same. **#DScctC** -8:16 PM Apr 20th, 2009

bobdrakken But yeah it's a must download for sure! I like it no matter how many times I lose! **#DScctC** -8:15 PM Apr 20th, 2009

z36 i feel that some days too **#dscctc** -8:15 PM Apr 20th, 2009

bobdrakken I played last night with my friend and got a really strong lead only to lose 10-8. **#DScctC** -8:14 PM Apr 20th, 2009

cnc137 @z36 Hey now! I still need to try Oil Panic and Green House, so I have at least another 20 minutes of entertainment out of G&WC. **#DScctC** -8:14 PM Apr 20th, 2009

bobdrakken Possibly not. Maybe I just suck at it? **#DScctC** -8:14 PM Apr 20th, 2009

z36 wow it's that hard? **#dscctc** -8:13 PM Apr 20th, 2009

bobdrakken @z36 I bet you're right :D you guys need to get the 3 on 3 NHL arcade so you can beat me, can you believe I've yet to win online? **#DScctC** -8:13 PM Apr 20th, 2009

z36 and that will be the last time he plays the G&W game **#dscctc** -8:12 PM Apr 20th, 2009

bobdrakken I'm going to hold out on getting a DSi until they get some exclusive titles out for it to separate it from the DS. **#DScctC** -8:12 PM Apr 20th, 2009

z36 oh yeah and mafia wars on facebook **#dscctc** -8:11 PM Apr 20th, 2009

cnc137 I played my Game & Watch Collection for Nintendo DS briefly today. I have also played Pokemon Diamond on my DSi a little. **#DScctC** -8:11 PM Apr 20th, 2009

bobdrakken Yeah when I saw the game for sale at several stores for \$20 I still couldn't bring myself to get it. Then I saw it for \$10! **#DScctC** -8:11 PM Apr 20th, 2009

z36 godfather 2 for me and some WW II game I can't remember the name of **#dscctc** -8:10 PM Apr 20th, 2009

cnc137 \$10 for Guitar Hero Aerosmith w/ a guitar is really cheap. It's worth buying for the extra guitar even if you don't like Aerosmith. **#DScctC** -8:10 PM Apr 20th, 2009

bobdrakken I would be playing Final Fantasy Tactics: A-2 if I could find my DS. **#DScctC** -8:10 PM Apr 20th, 2009

Mascott This week....nothing really. I want to get my hands on a good RPG, might get that DSi for some Dragon Quest action. **#dscctc** -8:10 PM Apr 20th, 2009

bobdrakken @z36 World of Warcraft, COD: WAW, and of course GH: Aerosmith. **#DScctC** -8:09 PM Apr 20th, 2009

bobdrakken Most likely they have sold them all already though, the guy said that was their second shipment of that special. **#DScctC** -8:08 PM Apr 20th, 2009

z36 so what is everyone playing this week? **#dscctc** -8:08 PM Apr 20th, 2009

bobdrakken They were having the %50 off sale they usually had. I only found it at one Gamestop though. **#DScctC** -8:08 PM Apr 20th, 2009

DreamStationcc @bobdrakken I didn't see that. How did you get Guitar Aerosmith with a guitar for \$10 at GameStop? We need to know. **#DScctC** -8:07 PM Apr 20th, 2009

bobdrakken I ended up buying a second one for my brothers. **#DScctC** -8:07 PM Apr 20th, 2009

DreamStationcc By the way, the **#hashtag** has changed from last weeks. The new **#hashtag** for the DreamStation.cc Video Games Twitter Chat is **#DScctC** -8:06 PM Apr 20th, 2009

z36 to bad i have it **#dscctc** -8:06 PM Apr 20th, 2009

z36 I did **#dscctc** -8:06 PM Apr 20th, 2009

bobdrakken Hey did anyone get my tweet about how I got GH: Aerosmith and a free wired guitar for 10 bucks at Gamestop? **#DScctC** -8:06 PM Apr 20th, 2009

z36 how is everyone? **#dscctc** -8:05 PM Apr 20th, 2009
